 WEIGHT (W/BATTERIES): 6.35OZ
 CONSTRUCTION: 6061 T6 ALLOY ALUMINUM BODY WRAPPED WITH NON-SLIP RUBBER
 FINISH: MATTE BLACK
 WATERPROOF: 30M
 WARRANTY: 5 YEAR LIMITED

INSTRUCTION MANUAL

INSTALLATION:

1. REMOVE BATTERY CAP, INSERT FLASHLIGHT BODY INTO MT61167 RAIL MOUNT. YOU DO NOT NEED THE PLASTIC SPACER IN THE MOUNT W/ THE TX850 LIGHT.
2. INSERT BATTERIES WITH THE POSITIVE SIDE FIRST. TIGHTEN BATTERY CAP SNUG TO BODY OF LIGHT. IF THE SWITCH DOESN'T WORK, MAKE SURE THERE IS LUBRICATION ON THE O-RING THAT SEALS THE LIGHT. IF THERE'S NO LUBRICATION, IT CAN BE DIFFICULT TO SCREW THE CAP ALL THE WAY ONTO THE THREADS AND NOT MAKE CONTACT IN ORDER FOR THE LIGHT TO FUNCTION.
3. CLAMP THE MOUNT WITH FLASHLIGHT ONTO RAIL AND TIGHTEN SCREWS. THE MIDDLE SCREW HOLDS THE LIGHT TO THE MOUNT, THE OUTER TWO SCREWS HOLD THE MOUNT TO THE PICATINNY RAIL.

DO NOT OVER TIGHTEN THE SCREWS, MINIMAL PRESSURE IS NEEDED TO HOLD THE MOUNT AND LIGHT IN PLACE!!!

OPERATION:

1. ON/OFF SWITCH: PRESS SWITCH HALFWAY REPEATEDLY TO CYCLE THROUGH HIGH/LOW/STROBE MODES. PRESS SWITCH COMPLETELY TO KEEPS SELECTED MODE.
2. PRESSURE SWITCH: PRESS TO TURN ON. RELEASE TO TURN OFF. EACH PRESS AND RELEASE WILL CYCLE TO THE NEXT MODE.

CONTENTS:

AIMSHOT TACTICAL LED ILLUMINATOR
 RAIL MOUNTED PRESSURE PAD SWITCH
 ON/OFF PUSH BUTTON SWITCH
 CR123 LITHIUM BATTERIES
